EXPERIENCE

Freelance (6/18–Present)

Vancouver, WA

Frontend Web Developer

- Coding responsive websites and apps for clients using JavaScript, React, CSS and HTML.
- Collaborating with Web Development partners using tools such as Git, Figma, Zoom and Miro.
- Setting up, as well as maintaining, Web Hosting and Web Analytics accounts for clients.

Greener Days Landscaping (10/15–6/18)

Vancouver, WA

Crew Foreman

- Established a local network of clients who regularly hired me to beautify and maintain their residential properties.

Freelance (4/13–10/15)

Portland, OR

Community Manager

- Oversaw long-term, high-performance paid advertising campaigns on the Facebook platform for purposes of community building, reaching hundreds of millions of people around the planet.
- Grew and managed communities across major Social Media platforms, with a total membership of two million individuals.
- Created and published hundreds of original media episodes including podcasts, blog articles and videos; all of which received more than twenty million views.

Earth2World (5/11–4/13)

Portland, OR

Frontend Web Developer

- Built and maintained a network of Online assets, including WordPress websites, community forums and media streaming services.
- Distributed hundreds of original episodes of hour-long video content across Internet channels.
- Introduced the use of Web Analytics and Social Media Analytics throughout the company's products and strategies.

Webtrends (2/10–5/11)

Portland, OR

Marketing Department Intern

- Assisted the Marketing and Sales Departments with industry research, data entry and managing product User Groups.
- Authored several dozen well-researched articles for the company blog.
- Participated with the internal start-up accelerator, by interviewing members for a podcast series.

EDUCATION

AA, Communications And Media Studies, Clackamas Community College, Oregon City, Oregon
